## About the survey

Government budget decisions – what taxes to levy, what services to provide, and how much debt to take on – affect how equal a society is and the well-being of its people, including whether the most disadvantaged will have real opportunities for a better life. It is critical that governments inform and engage the public on these vital decisions that impact their lives.

The **Open Budget Survey (OBS)** is the world's only independent, comparative and fact-based research instrument that uses internationally accepted criteria to assess public access to central government budget information; formal opportunities for the public to participate in the national budget process; and the role of budget oversight institutions such as the legislature and auditor (Contraloría General del Estado) in the budget process.

The survey helps local civil society assess and confer with their government on the reporting and use of public funds. This 7th edition of the OBS covers 117 countries.

Visit [www.internationalbudget.org/open-budget-survey](http://www.internationalbudget.org/open-budget-survey) for more information, including the full OBS methodology, the 2019 Global Report, findings for all surveyed countries, and the Data Explorer.

# Transparency

This part of the OBS measures public access to information on how the central government raises and spends public resources. It assesses the online availability, timeliness, and comprehensiveness of eight key budget documents using 109 equally weighted indicators and scores each country on a scale of 0 to 100. A transparency score of 61 or above indicates a country is likely publishing enough material to support informed public debate on the budget.

Ecuador has a transparency score of **38** (out of 100).

## How comprehensive is the content of the key budget documents that Ecuador makes available to the public?

- 61-100 / 100
- 41-60 / 100
- 1-40 / 100

Key budget document	Document purpose and contents	Fiscal year assessed	Document content score
Pre-Budget Statement	Discloses the broad parameters of fiscal policies in advance of the Executive's Budget Proposal; outlines the government's economic forecast, anticipated revenue, expenditures, and debt.	2019	Not Produced
Executive's Budget Proposal	Submitted by the executive to the legislature for approval; details the sources of revenue, the allocations to ministries, proposed policy changes, and other information important for understanding the country's fiscal situation.	2019	56
Enacted Budget	The budget that has been approved by the legislature.	2018	Internal Use
Citizens Budget	A simpler and less technical version of the government's Executive's Budget Proposal or the Enacted Budget, designed to convey key information to the public.	2019	42
In-Year Reports	Include information on actual revenues collected, actual expenditures made, and debt incurred at different intervals; issued quarterly or monthly.	2017 & 2018	Published Late
Mid-Year Review	A comprehensive update on the implementation of the budget as of the middle of the fiscal year; includes a review of economic assumptions and an updated forecast of budget outcomes.	2018	Published Late
Year-End Report	Describes the situation of the government's accounts at the end of the fiscal year and, ideally, an evaluation of the progress made toward achieving the budget's policy goals.	2017	57
Audit Report	Issued by the supreme audit institution, this document examines the soundness and completeness of the government's year-end accounts.	2016	24

Ecuador's transparency score of **38** in the OBS 2019 is substantially lower than its score in 2017.

### What changed in OBS 2019?

Ecuador has increased the availability of budget information by:

- Publishing the Audit Report online.

**However, Ecuador has decreased the availability of budget information by:**

- Producing the Enacted Budget for internal use only.
- Failing to publish the In-Year Reports online in a timely manner.

## **Recommendations**

Ecuador should prioritize the following actions to improve budget transparency:

- Publish the Enacted Budget, In-Year Reports, and Mid-Year Review online in a timely manner.
- Produce and publish the Pre-Budget Statement online in a timely manner.
- Include in the Executive's Budget Proposal debt and financial information.
- Include in the Year-End Report debt, performance, and macroeconomic information.
- Improve the comprehensiveness of the Audit Report and Citizens Budget.

## Extent of opportunities for public participation in the budget process

few: 0 - 40; limited: 41 - 60; adequate: 61 - 100

## Recommendations

Ecuador's Ministerio de Economía y Finanzas has established a council during budget implementation but, to further strengthen public participation in the budget process, should also prioritize the following actions:

- Pilot mechanisms to engage the public during budget formulation.
- Expand mechanisms during budget implementation that engage any civil society organization or member of the public who wishes to participate.
- Actively engage with vulnerable and underrepresented communities, directly or through civil society organizations representing them.

Ecuador's Asamblea Nacional has established public hearings related to the approval of the annual budget, but should also prioritize the following actions:

- Allow any member of the public or any civil society organization to testify during its hearings on the budget proposal prior to its approval.
- Allow members of the public or civil society organizations to testify during its hearings on the Audit Report.

# Budget Oversight

The OBS also examines the role that legislatures and supreme audit institutions (SAIs) play in the budget process and the extent to which they provide oversight; each country is scored on a scale from 0 to 100 based on 18 equally weighted indicators. In addition, the survey collects supplementary information on independent fiscal institutions (see Box).

The legislature and supreme audit institution in Ecuador, together, provide limited oversight during the budget process, with a composite oversight score of **48** (out of 100). Taken individually, the extent of each institution's oversight is shown below:

## Legislative oversight

## Audit oversight

weak: 0 - 40; limited: 41 - 60; adequate: 61 - 100

## Recommendations

Ecuador's Asamblea Nacional provides adequate oversight during the planning stage of the budget cycle and weak oversight during the implementation stage. To improve oversight, the following actions should be prioritized:

- The legislature should debate budget policy before the Executive's Budget Proposal is tabled and approve recommendations for the upcoming budget.
- A legislative committee should examine in-year budget implementation and publish reports with their findings online.

- In practice, ensure the legislature is consulted before the executive shifts funds specified in the Enacted Budget between administrative units; spends any unanticipated revenue; or reduces spending due to revenue shortfalls during the budget year.
- A legislative committee should examine the Audit Report and publish a report with their findings online.

To strengthen independence and improve audit oversight by the Ecuador Contraloría General del Estado, the following actions are recommended:

- Ensure audit processes are reviewed by an independent agency.

### **The emerging practice of establishing independent fiscal institutions**

Ecuador does not have an independent fiscal institution (IFI). IFIs are increasingly recognized as valuable independent and nonpartisan information providers to the Executive and/or Parliament during the budget process.

# Methodology

---

- Only documents published and events, activities, or developments that took place through 31 December 2018 were assessed in the OBS 2019.
- The survey is based on a questionnaire completed in each country by an independent budget expert:  
Andrea Villarreal; Jenny Maldonado  
Fundación para el Avance de las Reformas y las Oportunidades - Grupo FARO  
Av. Diego de Almagro y Pedro Ponce Carrasco. Edificio Almagro Plaza. Piso 9. Oficina 912  
[apmunoz@grupofaro.org](mailto:apmunoz@grupofaro.org); [jmaldonado@grupofaro.org](mailto:jmaldonado@grupofaro.org)
- To further strengthen the research, each country's draft questionnaire is also reviewed by an anonymous independent expert, and in Ecuador by a representative of the Ministerio de Economía y Finanzas.
