About the survey

Government budget decisions – what taxes to levy, what services to provide, and how much debt to take on – affect how equal a society is and the well-being of its people, including whether the most disadvantaged will have real opportunities for a better life. It is critical that governments inform and engage the public on these vital decisions that impact their lives.

The Open Budget Survey (OBS) is the world's only independent, comparative and fact-based research instrument that uses internationally accepted criteria to assess public access to central government budget information; formal opportunities for the public to participate in the national budget process; and the role of budget oversight institutions such as the legislature and auditor in the budget process.

The survey helps local civil society assess and confer with their government on the reporting and use of public funds. This 7th edition of the OBS covers 117 countries.

Visit www.internationalbudget.org/open-budget-survey for more information, including the full OBS methodology, the 2019 Global Report, findings for all surveyed countries, and the Data Explorer.

How comprehensive is the content of the key budget documents that Tajikistan makes available to the public?

- 61-100 / 100
- 41-60 / 100
- 1-40 / 100

Key budget document	Document purpose and contents	Fiscal year assessed	Document content score
Pre-Budget Statement	Discloses the broad parameters of fiscal policies in advance of the Executive's Budget Proposal; outlines the government's economic forecast, anticipated revenue, expenditures, and debt.	2019	61
Executive's Budget Proposal	Submitted by the executive to the legislature for approval; details the sources of revenue, the allocations to ministries, proposed policy changes, and other information important for understanding the country's fiscal situation.	2019	19
Enacted Budget	The budget that has been approved by the legislature.	2019	72
Citizens Budget	A simpler and less technical version of the government's Executive's Budget Proposal or the Enacted Budget, designed to convey key information to the public.	2019	Internal Use
In-Year Reports	Include information on actual revenues collected, actual expenditures made, and debt incurred at different intervals; issued quarterly or monthly.	2018	Published Late
Mid-Year Review	A comprehensive update on the implementation of the budget as of the middle of the fiscal year; includes a review of economic assumptions and an updated forecast of budget outcomes.	2018	Published Late
Year-End Report	Describes the situation of the government's accounts at the end of the fiscal year and, ideally, an evaluation of the progress made toward achieving the budget's policy goals.	2017	Not Produced
Audit Report	Issued by the supreme audit institution, this document examines the soundness and completeness of the government's year-end accounts.	2017	Internal Use

Tajikistan's transparency score of 17 in the OBS 2019 is substantially lower than its score in 2017.

What changed in OBS 2019?

Tajikistan has decreased the availability of budget information by:

- Producing the Citizens Budget for internal use only.
- Failing to publish the In-Year Reports online in a timely manner.
- Failing to produce the Year-End Report.

Recommendations

Tajikistan should prioritize the following actions to improve budget transparency:

- Publish the Citizens Budget, In-Year Reports, Mid-Year Review, and Audit Report online in a timely manner.
- Produce and publish the Year-End Report online in a timely manner.
- Include additional expenditure and fiscal risk information in the Executive's Budget Proposal.

Extent of opportunities for public participation in the budget process

few: 0 - 40; limited: 41 - 60; adequate: 61 - 100

Recommendations

To further strengthen public participation in the budget process, Tajikistan's Ministry of Finance should prioritize the following actions:

- Pilot mechanisms to engage the public during budget formulation and to monitor budget implementation.
- Actively engage with vulnerable and underrepresented communities, directly or through civil society organizations representing them.

Tajikistan's Supreme Assembly (Majlisi Oli) has established public hearings related to the approval of the annual budget, but should also prioritize the following actions:

- Allow any member of the public or any civil society organization to testify during its hearings on the budget proposal prior to its approval.
- Allow members of the public or civil society organizations to testify during its hearings on the Audit Report.

Tajikistan's Accounts Chamber should prioritize the following actions to improve public participation in the budget process:

- Establish formal mechanisms for the public to assist in developing its audit program and to contribute to relevant audit investigations.

Budget Oversight

The OBS also examines the role that legislatures and supreme audit institutions (SAIs) play in the budget process and the extent to which they provide oversight; each country is scored on a scale from 0 to 100 based on 18 equally weighted indicators. In addition, the survey collects supplementary information on independent fiscal institutions (see Box).

The legislature and supreme audit institution in Tajikistan, together, provide adequate oversight during the budget process, with a composite oversight score of **63** (out of 100). Taken individually, the extent of each institution's oversight is shown below:

Legislative oversight

Audit oversight

weak: 0 - 40; limited: 41 - 60; adequate: 61 - 100

Recommendations

Tajikistan's Supreme Assembly (Majlisi Oli) provides limited oversight during the planning stage of the budget cycle and adequate oversight during the implementation stage. To further improve oversight, the following actions should be prioritized:

- The Executive's Budget Proposal should be submitted to legislators at least two months before the start of the budget year.
- Legislative committees should examine the Executive's Budget Proposal and publish reports with their analysis online.
- A legislative committee should examine the Audit Report and publish a report with their findings online.

To strengthen independence and improve audit oversight by the Tajikistan Accounts Chamber, the following actions are recommended:

- Ensure audit processes are reviewed by an independent agency.

The emerging practice of establishing independent fiscal institutions

Tajikistan does not have an independent fiscal institution (IFI). IFIs are increasingly recognized as valuable independent and nonpartisan information providers to the Executive and/or Parliament during the budget process.

**These indicators are *not* scored in the Open Budget Survey.*

Methodology

- Only documents published and events, activities, or developments that took place through 31 December 2018 were assessed in the OBS 2019.
- The survey is based on a questionnaire completed in each country by an independent budget expert:
Uktam Dzhumaev
Consultant
Dushanbe, Tajikistan
u.dzhumaev@gmail.com
- To further strengthen the research, each country's draft questionnaire is also reviewed by an anonymous independent expert, and in Tajikistan by a representative of the Ministry of Finance.
