**The researcher’s response to this question was “a.”** Earmarked taxes have only recently been introduced and represent an insignificant part of revenue. For instance, the Budget Speech, 2005, p.28 says that a Tax of 0.25 percent is to be introduced under the Finance Act on all taxes other than VAT, PAL, Debit Tax and Withholdings Tax, and earmarked for financing activities under the National Action Plan for Children; it is expected to collect Rs. 450 million from this tax. Earlier, there was one instance of the imposition of a Rs. 0.50 surcharge on fuel, which was supposed to go into a Road Fund for road maintenance; however, no information is provided as to whether the funds were used for the stated purpose.

**Peer Reviewer ONE Comment:** A more appropriate response to this question would be “d.” All revenue is collected to the consolidated fund. Statutory funds, other than the consolidated fund, operate on revenue generated by them.

**Peer Reviewer TWO Comment:** A more appropriate response to this question would be “a.”

**IBP Comment:** IBP editors chose answer “a” to maintain the consistency of the assumptions used in selecting answers across the countries.

c. Eight percent or less, but more than three percent, of expenditure is dedicated to secret items.
d. More than eight percent of expenditure is dedicated to secret items, or the percentage is not available to the public.

Peer Reviewer ONE Comment:

Peer Reviewer TWO Comment: A more appropriate response to this question would be “a.” Defense and secret items of expenditure are provided for under the respective Ministry heads. All expenditures are reflected in the aggregate figures, but cannot be specifically identified.

IBP Comment: IBP editors chose answer “d” to maintain the consistency of the assumptions used in selecting answers across the countries. Since the information on secret items is not identifiable IBP editors have chosen “d.”

Citation and/or comment:

The researcher’s response to this question was “e.” Final accounts of the individual administrative units are audited within 3 months but are not released to public. Audit report is tabled in the Parliament and released to the public ten months after the close of the financial year.

The position in Sri Lanka is that the Administrative units are expected to prepare the accounts and send it to the Auditor General and the AG then sends the audited accounts certified along with his report on each account to the Administrative unit within 3 months. However, there is no requirement in Sri Lanka for the Administrative units to table the Audited accounts in the Parliament or release them to the public. Instead, the Auditor General is expected to submit a report to the Parliament on his observations within 10 months after the close of the Financial year. In this process, there is no tabling of accounts in the Parliament or release of the individual administrative unit’s accounts to the public by the administrative units.

However, the Auditor General report becomes a publicly available document the moment it is tabled in the Parliament and the Auditor General releases it to public. There is no need to wait for the Parliament to scrutinize the report for it to become a public document.

**Peer Reviewer ONE Comment:** A more appropriate response to this question would be “e”. The comment is most appropriate to the response.

**Peer Reviewer TWO Comment:**

**IBP Comment:** IBP editors chose answer “d” to maintain the consistency of the assumptions used in selecting answers across the countries. The question being asked is whether the audited accounts of individual units are released in Sri Lanka or not, and since they are not released the question is being marked “d.”
