## **TASK 2.3 ■ A NETWORK OF BUDGET ADVOCACY**

### **OPEN BUDGETS. TRANSFORM LIVES.**

The review of civil society budget work and its strategies and impacts also includes YOU and the other participants in this workshop. You have been asked to prepare a short presentation about your organization and the health budget work that you do (or will be doing). The facilitator will allocate a time for you to share this information with the rest of the participants. Likewise, at intervals throughout the workshop, you will have a chance to learn about the organizations of your peers and the work that they are engaged in. Use the space below to make notes during or directly after every participant's presentation. Again, be sure to capture the ideas that interest and inspire you, including possible advocacy issues or research questions to explore further when you are back home.
