

# It's your Money

Music and Lyrics: Patrick Hickey

It's your money  
*Where's it gone?*  
Check it out ya'll  
*Where's it gone?*

It's your money  
*Where's it gone?*  
Check it out ya'll  
*Where's it gone?*

Who knows where the money goes when the doors are closed, I wanna know  
Who knows where the money goes when the doors are closed, I wanna know  
Who knows where the money goes when the doors are closed, I wanna know  
Who knows where the money goes when the doors are closed, oh, oh yo!

Ching Ching, that's what we're all thinking  
Is it all just sinking?  
It's so hard to see  
I just want some information  
Before this inflation ends up killing me.

Mr. Minister, I want a word with ya!  
I got pot-holes in my road.  
And I'm mad, cause I know I paid my tax  
And I wanna see something come back.  
I'm curious, I wanna take a look  
Wanna double check, I wanna see the books.  
Are you ready for some guidance?  
Keep my money out the Cayman Islands.

It's your money  
*Where's it gone?*  
Check it out ya'll  
*Where's it gone?*

It's your money  
*Where's it gone?*  
Check it out ya'll  
*Where's it gone?*

Who knows where the money goes when the doors are closed, I wanna know  
Who knows where the money goes when the doors are closed, I wanna know  
Who knows where the money goes when the doors are closed, I wanna know  
Who knows where the money goes when the doors are closed, oh, oh yo!

Es mi dinero, es mi dinero, Es mi dinero. X 4

Ching Ching, that's what we're all thinking  
Is it all just sinking?  
It's so hard to see  
I just want some information  
Before this inflation ends up killing me.

It's your money  
*Where's it gone?*  
Check it out ya'll  
*Where's it gone?* X2
