

La rebelión de los enfermos

“Discrimination & access to public health services”

Un grupo de ciudadanos discriminados por su salud protagonizará una inusual protesta contra el Isssteleón, la única institución oficial en el País que no afilia a enfermos ni a mayores de 50 años

NON- DISCRIMINATION

The issue

- Health as a human right
- Fragmentation of health services.
- Right to health linked to employment status
- Regulations often inhibit the implementation.

IMSS

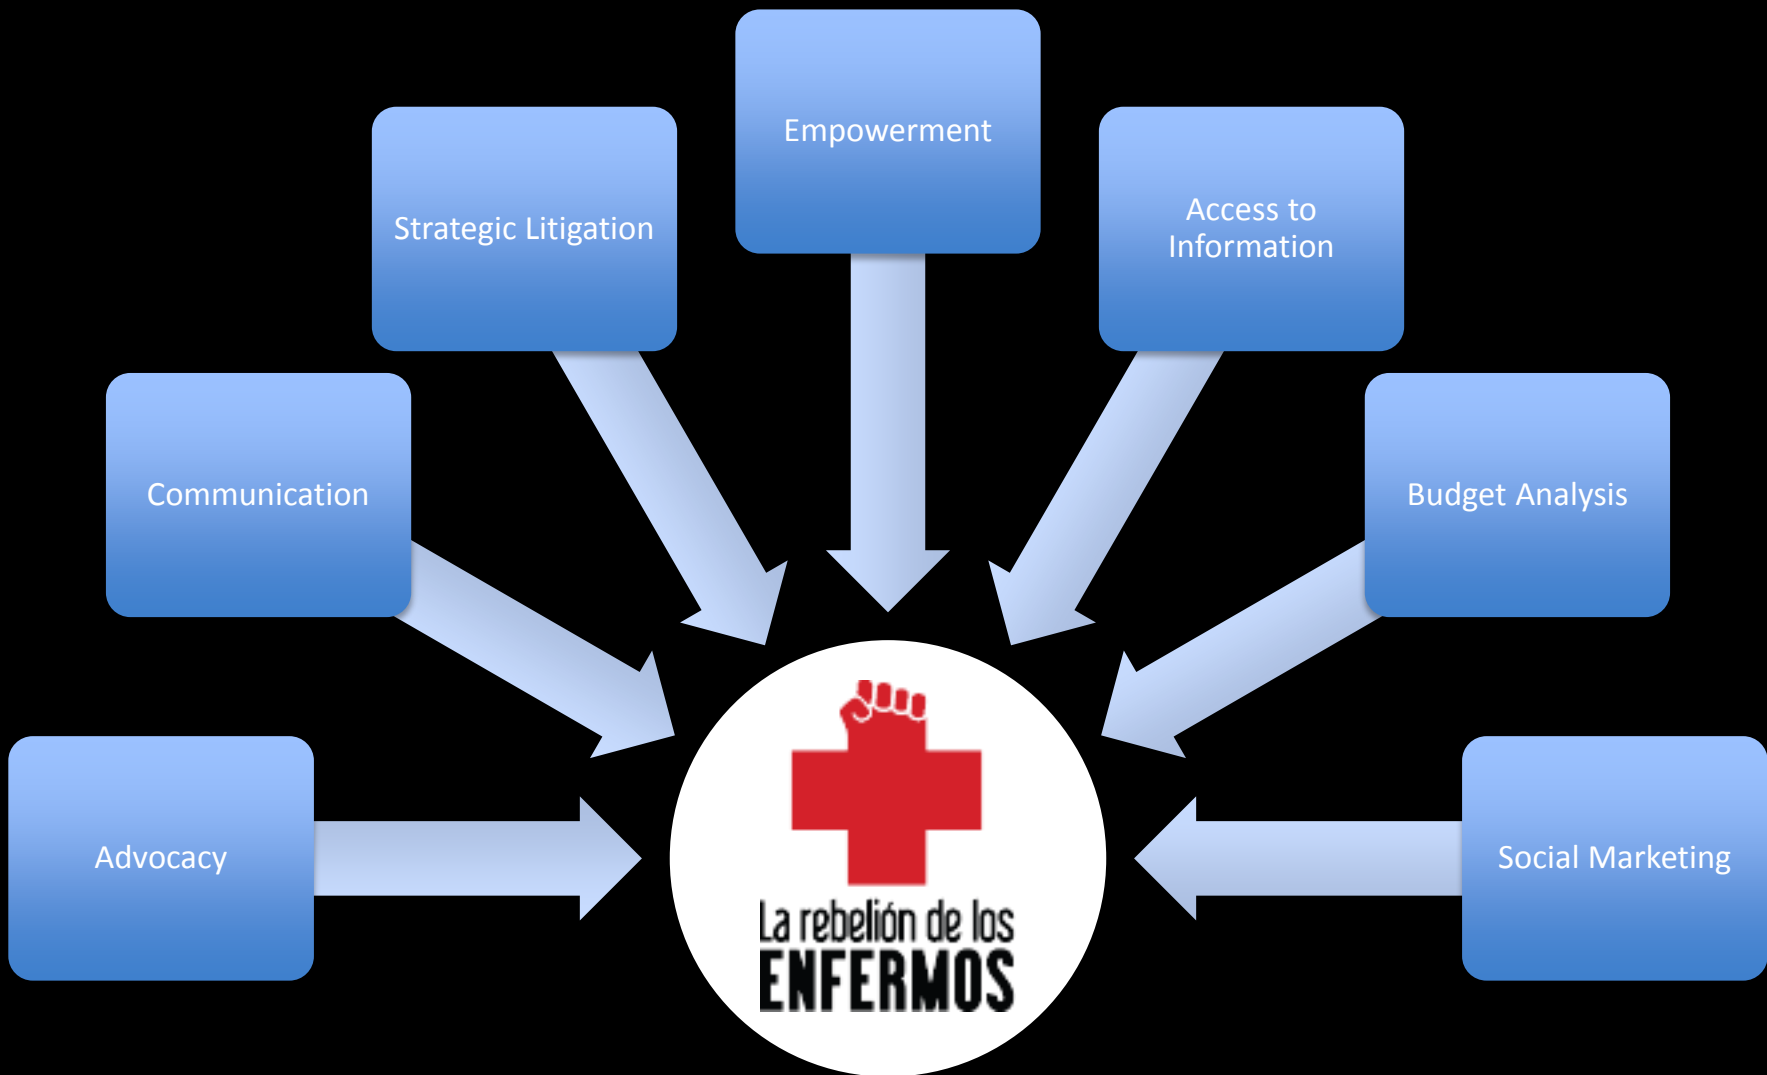

ISSSTE

The issue:

- Discriminate to “save”
- No oversight capacities.
- It is a national / international practice
- ¿demonstrate use MAR?

**Isssteson didn't
received almost
50 millions on fees**

**Isssteson needed
around 6 millions**

We found:

- A permanent anual deficit.
- Institutions owed it money (almost USD 50 million)

It paid to private health institutes to provide services / medicines at higher price.

**DISCRIMINATION WAS INVISIBLE TO
THE INSTITUTION AND BASED ON A
SIMPLE AND NON ACCURATE
ARGUMENT**

We pushed:

- For info / explanations
- For evidence of their arguments
- To be listened
- For reform
