Section 1. Public Availability of Budget Docs. “Section One: The Availability of Budget Documents” contains a series of four tables that allow the researcher to examine and map the public availability and dissemination of its country’s key budget documents (i.e., Pre-Budget Statement, Executive’s Budget Proposal (EBP) and Supporting EBP Documents, Citizens Budget, Enacted Budget, In-Year Reports, Mid-Year Review, Year-End Report, and Audit Report), as well as any national laws regulating budget processes and financial management. Once filled in, these tables will serve as a foundation for the completion of the rest of the questionnaire, as researchers will reference the specific documents cited in the tables to answer the questions contained in Sections 2-5 of the questionnaire.

Sources: Before the creation of the Audit Court, which has just received a budgetary allocation for the first time, the Audit Chamber of the Supreme Court played this role. In the first case, the budget was developed by the ministry in charge of the case, which was the Ministry of Justice. In the second case, it was the institution itself that submitted a proposal of its budget to the executive branch, which arbitrates and determines the final amount to grant. For now, there are no complaints on the granted amount. In the 2014 finance act, the amounts shown on page 388 of chapter 25 “Audit Court” = 150 million FCFA (300,000 USD)
