Comments: Researcher: Supporting document to the EBP: Stability Programme is prepared every year (in April) by all EU member states (it is compulsory for them) and submitted to the EU Commission. It includes macroeconomic forecasts, forecast of government revenue and expenditure. It is a base for Executive Budget proposal and for Budget Memorandum. However, it is very general document but includes revenue estimates for 2 years beyond the budget year 2017 (i.e. for 2018 and 2019, p. 28) by category. More detailed estimates are prepared by the Ministry of Finance for internal use. The Institute of Macroeconomic Analysis and Development (UMAR), which is part of the government, is also producing several forecasts, but we do not include them among "supporting budget documents."

Comments: Researcher: Nonfinancial data are typically related to inputs and activities, and say very little about program outputs or outcomes. Nonfinancial data are included and are useful for assessing program performance – how useful they are then depends on one’s criterion. See links to different policies. e. Not applicable/other (please comment).

Answer: b. (67)

Sources: Executive’s Budget Proposal 2017: http://www.dz-rs.si/wps/portal/Home/deloDZ/zakonodaja/izbran...

Comments: Researcher: Performance targets are assigned at the ministry/agency level for all major budgetary purposes. There are extensive sets of input and activity indicators, and some output indicators. See links to different policies. For example, open Executive’s Budget Proposal 2017: http://www.dz-rs.si/wps/portal/Home/deloDZ/zakonodaja/izbran...
Then select: "20_OBR17oPOL13oPromet.pdf" (Promet in prometna infrastruktura /Traffic and traffic infrastructure), target C1667 (page 1) measures mobility and safety in traffic; it includes several performance indicators, one of them is I002960 - share of railway's traffic done by passengers. Data on outputs and outcomes are collected through the web based IT application which supports budget preparation process. There is a technical control that each program has to have a goal and a specific measure. So from technical point of view, every program has its own output or outcome.

For example: open "Vloženi amandmanji po predlagateljih" and open "Mnenje ZDT 13.10.2016 [20 - Odbor za zdravstvo]" (Opinion of the Committee for health) and then "VSEBINA357AB879F16F93A1C125804B0043 13.10.2016.PD". Comments: Researcher: In-year implementation of the Enacted Budget during the relevant budget execution period is examined by Commission for Public Finance Supervision (Komisija za nadzor javnih financ). The Commission regularly monitors the budget and regularly requires answers and clarifications from the government regarding the budget implementation. For example, report of the Commission for Public Finance Supervision regarding Mid Year review is available at: http://imss.dz- rs.si/imiss/7a11164e56b3f2a305.pdf (http://imss.dz- rs.si/imiss/7a11164e56b3f2a305.pdf). Commission for Public Finance Supervision (Komisija za nadzor javnih financ) has regular sessions where implementation of the budget is discussed (budget supervision it the main task of this Commission). All minutes of the Commission are available on the web site of the parliament using “search” function. See for example: https://www.dz-rs.si/wps/portal/Home/Iskalnik/!ut/p/z1/04_Sj...

For example, the 33 regular meeting had as agenda item the review of the budget Jan-June 2016: http://imss.dz-rs.si/imis/3b596535c7fc62312f09.pdf (http://imss.dz-rs.si/imis/3b596535c7fc62312f09.pdf) Ad the minutes can be found here: http://imss.dz-rs.si/imis/b3f394ec3a3c954450cd.pdf (http://imss.dz-rs.si/imis/b3f394ec3a3c954450cd.pdf) Also, the meeting from 23.3.2016 refers to the economic situation in the country for 2016: http://imss.dz-rs.si/imis/64a56baf0a1fed6937e.pdf (http://imss.dz-rs.si/imis/64a56baf0a1fed6937e.pdf)

Comments: Researcher: The shifting of funds between administrative units up to certain level, without special (additional) approval of the legislator is defined in advance in Public finance act and annual Budget implementation act (every year EB is legislative by nature). However, the Government has to report about shifted funds in line with this procedure to the Parliament every six months. Above this level the Government needs the approval. There are different levels for funds shifting, which can be done without approval, depend on level/type of funds.

But the participation mechanisms used to enable citizen inputs to be incorporated into the annual budget are limited to procedure of the National Assembly. The representatives of the public could be invited on sessions of the National Assembly Committees, which may at its own discretion adapt any of the public proposals when drafting budget amendments. These amendments are then submitted to the executive, which has discretion to accept/reject them.

**IBP comment:** The response has been changed from A to B because the mechanism that involves external experts cannot be considered as a public participation mechanism. This question explores on whether or not the general public can participate, which is broader than the engagement of experts.
